INSPIRED BY HONOUR

HOMES THAT HONOUR A LIFE OF SERVICE

AN EXCLUSIVE HOUSING INITIATIVE FOR DEFENCE PERSONNEL

At Evermark, we take pride in being the only developer in the Chandigarh Tricity region to propose an exclusive defence colony and group housing initiative for the defence fraternity, as a gesture of gratitude for their unwavering service to the nation. The Regiment emerges as a pioneering step towards this commitment as an exclusively designed community for officers to suit their cantonment lifestyle.

At Evermark, we create residential and commercial properties that revitalise communities and embody modern living. Our properties are distinguished by their ability to integrate seamlessly into the city, catalyse the local economy, foster the growth of the surrounding areas, and provide residents and visitors with a comprehensive range of community services and amenities. We are already appreciated for our outstanding track record and innovative spirit in bringing architectural breakthroughs to the built environment.

In order to serve the nation with full integrity and dedication, troops often neglect their well-being and personal affairs, especially acquiring a home. udChalo Housing is a step towards facilitating serving and retired defence and paramilitary personnel with quality, affordable & aesthetically pleasing homes in prominent locations across India.
